Student Assistant

The student assistant schedules tasks, helps students, encrypts data, and returns calls and emails. They offer professional guidance and assistance, maintain accurate records, and enhance administrative processes. Strong communication and organizing skills are required. It is advantageous to have prior administrative or student assistance experience.

2022

Teleperformance

Trainee

As a trainee at Teleperformance, I participated in online webinars to improve my product and customer service knowledge. Active participation and cooperation with teachers and other trainees were essential throughout training sessions. Joining Teleperformance has been a terrific road for growth and education.
